

Mid-level Business Consultant

Company background:

Emerging Markets Consulting (EMC) is a leading Bulgarian IT & consulting company in the areas of CrossAsset Trading, Portfolio & Risk Management, QA Testing in the Energy & Commodities, Banking & Finance, Manufacturing, and other industry sectors. We specialize in end-to-end solutions in Energy/Commodity/Finance Trading and Risk Management, Physical Asset Management, Accounting and Logistics, QA Testing, Business Intelligence as well as Middleware to offer best value professional services to our clients and partners. Our consulting, development, project management and testing teams have significant experience working in corporate multicultural environments with a high level of organizational complexity. EMC's professional services team works full time with some of the largest commodity and energy companies as well as some of the biggest financial institutions in the world.

The company is an official premium partner for Bulgaria and the EMEA region with the worldwide market leader in Energy/Commodity Trading and Risk Management software solutions.

Job description:

We are looking for a highly motivated business consultant with know-how and proven track of record in software consulting business in any of the areas: Energy and/or Commodity Trading, Finance, Risk management, Portfolio management, Audit, or any relevant experience.

The ideal candidate will be able to provide high quality consulting service regarding implementation of solutions for E/CTRM systems at major companies in the energy and commodities sector worldwide and possess the ability to guide the client in the analysis of their business operations as well as the technical adaptation of the respective solution. The candidate should be self-driven, well organized, and capable of performing his/her own tasks in a team as well as fast decision making under pressure and by strict deadlines.

Additionally, it would be a great plus in case of willingness and flexibility for extra traveling from time to time (additional compensation available + all travel expenses covered) mostly in Europe.

The main responsibilities of the business consultant include:

- Requirements gathering from Client.
- Design and implementation either through configuration or by translating the business requirements to the development team.
- Preparation of project documentation (Functional Specifications, User Guides, Deployment Guides, Trainings and Presentations, etc.).
- Performing critical analytical thinking tasks and data analysis as well as fast decision making under pressure and strict timelines.
- Create and execute trainings for junior team members

Job requirements:

- At least 2 years of relevant working experience - software consulting business in any of the areas: Energy and/or Commodity Trading, Finance, Risk management, Portfolio management, Audit.
- Understanding of the Financial and Energy markets.
- Fluency in English is a must (written and spoken).
- An excellent working knowledge of the MS Office suite is a must.
- Knowledge of any E/CTRM systems is a plus.
- Knowledge of databases and SQL language is a plus.
- Eagerness to learn and the ability to work under pressure.
- Ability to integrate and work within complex multicultural teams.
- Self-driven and well organized.
- Willingness and flexibility to travel (mostly in Europe).

What we offer:

Our office in Sofia will provide you the perfect environment to further expand your competences by working in a team that is international, demanding and result oriented. We offer competitive remuneration package that includes:

- Attractive salary (based on prior experience & educational background)
- Flexible bonus schemes (performance based)
- 22 days off plus 1 additional day every year after 3 years at EMC (up to 25 days)
- Birthday day off
- Hybrid mode of working, home office and flexible working hours
- Additional Health and Dental insurance
- Re:Benefit - employees can choose their own benefits and/or food vouchers pack every month
- Multisport card
- Referral bonus
- IT Conferences sponsored by the company
- Opportunity for professional growth with external and internal trainings
- Fresh fruits and refreshments in the office
- Summer and winter team buildings - twice a year abroad

The position is available immediately. Confidentiality is guaranteed. If you feel intrigued by this opportunity, please send your CV.
